## The Waterwick™ Coaster Goes Mobile....

Now from Buntingware™, a Mini Waterwick™ Coaster that will fit most Car, Boat or RV beverage holders or any application where a smaller diameter coaster is needed.

This Mini Coaster from Buntingware™ is as absorbent as any Waterwick™ Coaster from Buntingware™ and features a beveled edge, which makes a notch in the coaster unnecessary. Simply push down on the edge of the coaster & it pops up for easy removal from your beverage holder. **Set up \$50.00g**
