

Appeals to all the senses...

- Stylish bottles and three dimensional PVC sleeves are attractive and unique
- The rubberized coating has a pleasant feel
- The patented carbon filter yields flavorful and fresh-smelling bottled water quality
- You'll hear rave reviews from your customers
- Sense of well being - knowing you are using and promoting a green product.

An Earth-Friendly Alternative to Bottled water

60 Million Plastic bottles
are disposed of each day in
America alone!
Drink Filtered Water...
No waste for the landfill!

The Filter

If you drink just one bottled water per day...

- You will spend over \$45.00 PER MONTH in bottled water!
- You will put 30+ plastic bottles into a landfill PER MONTH!

Our patented filter lasts **two months!**

You save
\$90.00 +

60+ bottles from a landfill!

Filters will remove chlorine, BPA, lead, and synthetic chemicals

- Filter is good for 40 gallons or 2 months
